

Hi Phil,

I just wanted to take a few moments to convey my extreme satisfaction with both you as a person and with all the work that you performed for my inspection company in 2014. Your expertise, timing and hard work certainly played a significant supporting role in making this our greatest year since we opened our doors in 2006!

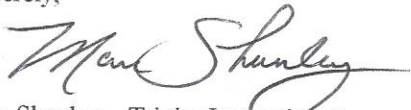

Our website makeover you recently did was outstanding and has brought us a steady flow of clients ever since. Your understanding of the intricacies of the ever mysterious world of SEO and the internet in general, has worked magic for us as well, and has made our company a force to be reckoned with on the web. This is something that was only a pipe dream before we found you!

You have been very accommodating to us during this time, and very patient! As you know, there have been many times where I just told you to just go ahead and "take the bull by the horns" because I literally couldn't spare a one minute to help you; and you didn't disappoint my wife or I even once! It's been said that you usually get what you pay for in life, with few exceptions. In regards to your services, I received far more than I paid for!

I would, and will, highly recommend your services to anyone who wants their business to grow and prosper! You have been such a pleasure to work with and I thank you for everything! I will need you again very soon, as I have some more that I want to accomplish with expanding my business.

All the best to you Phil!

Sincerely,
